

Honda CBX Pro Link for (very) reluctant sale

This pristine condition CBX Pro Link (second model) has been kept in the garage, nil rust, runs beautifully and all instruments work...

Has been maintained and serviced by Tony Herd and Bruce Loveridge, both CBX legends and passionate about "doing things right"..

Aluminium has been polished and a clear coat applied.. by a professional auto painter.

Has 2 x new tyres, only 500kms on those..

My ONLY reason for selling ; I have no time to ride.. my son trains water polo 5 days a week and I am also a Rural Firefighter with busy days and a large Kit bag that needs a car to travel with me...

1981 CBX

KMS : 33226

Full fairing and 2 x panniers..

Happy for any inspection..

2 sets of keys

I can provide lots more photos if required.

Bike is based in Killara, Sydney North Shore, and available for sale now.

Price \$27,500 firm.
